

A line plot showing the percentage of memorized noise over 1200 epochs. The x-axis is labeled 'Epoch' and ranges from 0 to 1200. The y-axis represents the percentage of memorized noise, with a maximum value of 100. The plot shows a blue line that is mostly at 0%, with several sharp spikes. The highest spike occurs around epoch 1100, reaching approximately 100%.
